## ABOUT US

BON SECOURS ARTS & SCIENCE COLLEGE FOR WOMEN is a blessing bestowed from God on the people in and around Dindigul. The public can trustfully entrust their daughters at the safe-hands of the Sisters of our Lady of Bon Secours who are deeply committed to the growth, progress and welfare of women who are downtrodden or have no privilege to have an access to higher education. Bon Secours College delivers the most professional and personalized education and trains the students to equip them academically strong with professional ingenuity and social commitment. We have recruited qualified, committed and dedicated staff that will produce good results.

Before we begin the actual academic studies, we will conduct the most basic training course by way of introducing and making them acquaint with the new college, environment, staff-students, rules & regulation, etc. Our college will extend opportunities to students through various Co-curricular and extra-curricular activities such as YRC, RRC, LEO and ROTARACT and shall arrange to conduct various Academic Enrichment Programs like Bridge Course, Spoken English, Guest Lectures, Class Room presentations, Seminars, Workshops, Industrial Visits, etc. Because, we believe that such activities are of immense importance to make education complete, comprehensive and value based.

The aim of Bon Secours College is to empower every student for a new era in the digital and fast changing technological world. We do provide every opportunity for the students to have a broad, deep impact in the world of computer and the art of communication.

Accordingly, we guide and equip our students to empower and amplify their capability and ingenuity with digital technology and in the art of communication. Our college being a minority Catholic Institution, we aim at the holistic development of the students by catering to their spiritual, moral and ethical needs of the present society. Retreats and moral instruction classes are an integral part of our teaching and training. True to its Vision and Mission, the college does everything possible to empower the women learners through wholesome higher education.

## ABOUT THE DEPARTMENT

As the department has started in 2019 it was named as Visharpi then it was renamed as COTECHFEAST. The main motive is to develop competence in computer science and prepare the students to carry out development works as well as take up challenges in research.

## VISION

To provide a quality computer education to the thriving students and transform them into industry employable IT professionals and responsible global citizens possessing human values.

## MISSION

Providing a strong theoretical and practical background across the computer science discipline with an emphasis on software development strives to prepare the students.

For a challenging professional career and nurture their entrepreneurship ability by grooming their leadership skills and innovative ability.

Enabling them to serve the software industries and society and to accomplish higher studies by providing conducive, teaching-learning, research environment.
