Report on National Science Day-2023

National science Day is celebrated in India on February 28th every year to mark the discovery of Raman effect by Indian Physicist Sir. C.V. Raman on 28th February 1928. Its the day to spread the importance of science and to show the efforts and achievements in the field of science for human welfare and to implement new technologies for the development in the field of science. On the occasion of this special day Department of Chemistry conducted State level Intercollegiate Quiz for chemistry students all over Tamilnadu. Of about 318 students from 28 colleges participated in it and the E-Certificate was issued to the participants who scored 50% and above. Department of chemistry express the gratitude to the Principal Rev. Sr. Sirumalar and the Management for giving permissions to conduct this online quiz. The details of the participants are attached along with this report.
