REPORT ON

National Science Day-2026

National Science Day was celebrated with great enthusiasm on 27 Feb 2026 to remember the discovery of the Science by the renowned Indian physicist. The day is observed across India to promote scientific temper and encourage interest in science among students. As part of the celebration a Quiz competition was organized by the Maths Department to enhance students knowledge and awareness in various scientific fields. The quiz aimed to develop curiosity, logical thinking and teamwork among participants. Students from three years was separated with 8 groups and they were participated actively in the event. The questions covered important topics such as inventions, space exploration and recent technological advancements. The quiz event was conducted by our Department staffs, the winners are A.Amreen Fathima (3rd Maths), A.Arshitha (2nd Maths), A. Clara Mercy (1st Maths). The students are awarded with shield. The event was concluded with appreciating the efforts of the students.
