**REPORT ON LAVOISIER'S DAY**

Department of Chemistry organized Intercollege Online Quiz Competition on August 26<sup>th</sup> - 2023 for the remembrance of celebrating Antoine Lavoiser's Birthday. We are conducting this for second year. The contribution of Lavoiser in the field of Chemistry is boundless. He is called as the Father of Chemistry and he is most noted for his discovery for the role of oxygen plays in combustion. He helped to construct the metric system who wrote the first extensive list of elements and helped to reform chemical nomenclature, Laws of conservation of mass was stated by this great scientist. So to celebrate his birthday, Intercollege online quiz was conducted based on Science. Students of about 404 from 23 colleges in Tamilnadu were interest participated. E-certificate was given to the registered participants who scored 40% and above. Department of Chemistry thank the management for giving permission to conduct this quiz program. The details of the participants are attached along with this report.
